

To Whom It May Concern,

I am delighted to write this letter in support of Luke Lopez, who worked as a Student Assistant in our Media Centers department for approximately three years. During this time, Luke greatly contributed to our team through his technical proficiency, reliability, and outstanding interpersonal skills.

Luke's primary responsibilities included routine maintenance of audiovisual equipment, opening and closing shifts for our office, and providing consistent customer service to campus members. He demonstrated a strong aptitude for troubleshooting IT and AV issues, often resolving complex problems efficiently and with minimal supervision. Luke's ability to quickly learn new systems and adapt to emerging technologies was invaluable to our department, ensuring smooth day-to-day operations.

One of Luke's defining professional qualities is his flexibility and composure in dealing with a wide variety of customer personalities. Whether assisting faculty, staff, or students, he remained approachable and solutions-oriented, making sure customer needs were met in a timely and courteous manner. His efforts fostered a welcoming environment and helped maintain our department's excellent reputation for service. Additionally, Luke played an important role in the supervision and training of other student employees, sharing his expertise generously and modeling professionalism. He consistently sought ways to improve our office culture, encouraging collaboration and accountability within the team.

In summary, Luke Lopez is a dedicated, skilled, and thoughtful employee. I am confident that the experience and abilities he cultivated at our Media Centers will make him an asset in any future role. I recommend him without reservation.

If you have any further questions, please feel free to contact me.

Sincerely,

Marcelino Robledo | Client Technologies Analyst I
